ENVIRONMENT SOCIAL GOVERNANCE

Environment

 We are committed to a circular economy, driving the transformation with more sustainable packaging.

 GHG-emissions reduction 24% by 2030, 49% by 2050, base year 2015 (Science Based Target)

91%

of our product offering is either already designed for recycling or has a recyclable alternative.

status 2023

Social

We prioritize a safe work environment, high product quality, legal compliance, and equal opportunities for all in our daily operations. We aim to attract, develop, and retain talented individuals from diverse backgrounds.

Health & Safety

Zero Loss – No Harm 

Governance

Fair, ethical and sustainable principles of action and conduct throughout the group and our supply chain are the basis for any business activity.
