5.1 Use of cookies

- (1) In addition to the aforementioned data, cookies are stored on your computer when you use our website. Cookies are small text files that are stored on your hard drive, assigned to the browser you are using, and that provide certain information to the body that placed the cookie. Cookies cannot run programs or transmit viruses to your computer. They serve to make the Internet offer more user-friendly and effective overall.
- (2) This website uses the following types of cookies, the scope and operation of which are explained below:
 - Transient cookies (see a)
 - Persistent cookies (see b)
 - Flash cookies (see e)
 - a) Transient cookies are automatically deleted when you close the browser. These include in particular the session cookies. These store a so-called session ID, with which various requests from your browser can be assigned to the common session. This will allow your computer to be recognized when you return to our website. The session cookies are deleted when you log out or close the browser.
 - b) Persistent cookies are automatically deleted after a specified period, which may differ depending on the cookie. You can delete the cookies in the security settings of your browser at any time.
 - c) You can configure your browser setting according to your wishes and e.g. decline the acceptance of third-party cookies or all cookies. So-called "Third-party Cookies" are cookies that have been placed by a third party, and therefore not by the actual website which you are currently at. Please be aware that you thus may not be able to use all functions of this website.

- d) We use cookies to identify you for follow-up visits if you have an account with us. Otherwise you would have to log in again for each visit.
- e) The Flash cookies used are not detected by your browser but by your Flash plug-in. Furthermore, we use HTML5 storage objects, which are stored on your device. These objects store the required data regardless of your browser and do not have an automatic expiration date. You can configure the setting and deletion of Flash cookies via the Adobe Flash Player Settings Manager at http://www.macromedia.com/support/documentation/de/flashplayer/help/settings_manager_07.html. Alternatively, if you do not want Flash cookies to be processed, you can install an add-on, e.g., "Better Privacy" for Mozilla Firefox (<https://addons.mozilla.org/de/firefox/addon/betterprivacy/>) or the Adobe Flash killer cookie for Google Chrome. You can prevent the use of HTML5 storage objects by applying the private mode in your browser. In addition, we recommend that you regularly delete your cookies and the browser history manually.

5.2 Web Analytics

The legal basis for the use of all web analysis tools listed in this section is Art. 6 para. 1 sentence 1 lit. f GDPR, i.e., the preservation of our legitimate interests in consideration of the interests of our website visitors. We are interested in analyzing the use of our website by our website visitors in order to improve our offer and to make it more interesting for you as a user. Insofar as the analysis tool used also serves other purposes or we make use of it for other interests, we will inform you directly in the explanation of the respective analysis tool.

5.2.1 Google Analytics

- (1) This website uses Google Analytics, a web analytics service provided by Google Inc. ("Google"). Google Analytics uses so-called "cookies", text files stored on your computer which allow an analysis of your use of the website. The information generated by the cookie about your use of this website is usually transmitted to a Google server in the USA and stored there. However, due to the activation of IP anonymization on this website, your IP address will be shortened beforehand by Google within member states of the European Union or in other signatory states to the Agreement on the European Economic Area. Only in exceptional cases will the full IP address be transmitted to a Google server in the US and shortened there. On behalf of the operator of this website, Google will use this information to evaluate your use of the website, to compile reports on website activity, and to provide the website operator with further services associated with website and Internet use.
- (2) The IP address transmitted by your browser as part of Google Analytics will not be merged with other Google data.

- (3) You can prevent the storage of cookies by selecting the appropriate settings in your browser software; however, please note that if you do this, you may not be able to use all the functions of this website. You may also prevent Google from collecting the data generated by the cookie and relating to your use of the website (including your IP address) and from processing this data by downloading and installing the browser plug-in available under the following link: <http://tools.google.com/dlpage/gaoptout?hl=de>.
- (4) This website uses Google Analytics with the extension "_anonymizeIp()". As a result, IP addresses are processed shortened, thereby excluding the possibility of personal identification. Insofar as the data collected about you is assigned a personal reference, it will be immediately excluded and the personal data will be deleted immediately.
- (5) For the exceptional cases in which personal data is transferred to the USA, Google has agreed to comply with the EU-US Privacy Shield, <https://www.privacyshield.gov/EU-US-Framework>.

5.3 Online Advertising

5.3.1 DoubleClick by Google

- (1) This website continues to use the online marketing tool DoubleClick by Google. DoubleClick uses cookies to present ads that are relevant to users, to improve campaign performance reports, or to prevent a user from seeing the same ads multiple times. Google uses a cookie ID to determine which ads are running in which browser and can prevent them from being displayed multiple times. In addition, DoubleClick uses cookie IDs to track conversions related to ad requests. For example, if a user sees a DoubleClick ad and later goes to the advertiser's website with the same browser and buys something there. According to Google, DoubleClick cookies do not contain personally identifiable information. By using this tool, we are interested in showing you advertisements of interest to you, increasing the attractiveness of our website to you and achieving a fair calculation of advertising costs. The legal basis for the processing of your data is Art. 6 para. 1 sentence 1 lit. f GDPR.
- (2) Due to the marketing tools used, your browser automatically establishes a direct connection to the Google server. We have no control over the extent and further use of the data collected by the use of this tool by Google and therefore inform you to the best of our knowledge: By including DoubleClick, Google receives the information that you have accessed the

corresponding part of our website or clicked on an ad from us. If you are registered with a service provided by Google, Google may associate the visit with your account. Even if you are not registered with Google or have not logged in, there is a chance that the provider will find and store your IP address.

- (3) You can prevent participation in this tracking process in several ways:
- a) By setting your browser software accordingly, in particular, the suppression of third-party cookies will prevent you from receiving any third-party ads,
 - b) by disabling the cookies for conversion tracking by setting your browser to block cookies from the domain "www.googleadservices.com", <https://www.google.de/settings/ads>, this setting being deleted when you delete your cookies,
 - c) by deactivating the interest-based advertisements of the providers that are part of the "About Ads" self-regulation campaign via the link <http://www.aboutads.info/choices>, this setting being deleted when you delete your cookies,
 - d) by permanent deactivation in your browsers Firefox, Internet Explorer or Google Chrome under the link <http://www.google.com/settings/ads/plugin>. We would like to point out that in this case you may not be able to use all the functions of this offer in full. Alternatively, visit the Network Advertising Initiative (NAI) web site at <http://www.networkadvertising.org>.
- (4) For more information about DoubleClick by Google, visit <https://www.google.de/doubleclick> and <http://support.google.com/adsense/answer/2839090>, as well as the general Google Privacy Policy: <https://www.google.de/intl/de/policies/privacy>. Google has agreed to comply with the EU-US Privacy Shield, <https://www.privacyshield.gov/EU-US-Framework>.

5.3.2 Google Tag Manager

- (1) This website uses Google Tag Manager. Google Tag Manager is a solution that enables marketers to manage site tags through a single interface. Google Tool Manager only implements tags. The tag manager is a cookie-free domain. This means that no cookies are used and no personal data is collected. The tool triggers other tags, which may collect data on their part. Google Tag Manager does not access this data. If disabled at domain or cookie level, it will remain in effect for all tracking tags implemented with Google Tag Manager. Privacy Policy: <http://www.google.de/tagmanager/use-policy.html>

5.3.3 Use of Google Adwords Conversion / Remarketing

- (1) We use the offer of Google Adwords to draw attention to our attractive offers on external websites with the help of advertising materials (so-called Google Adwords). In relation to the data of the advertising campaigns, we can determine how successful the individual advertising measures are. We are interested in showing you advertisements of interest to you, to increase the attractiveness of our website to you and to achieve a fair calculation of advertising costs. The legal basis for the processing of your data is Art. 6 para. 1 sentence 1 lit. f GDPR.
- (2) These advertising materials are supplied by Google via so-called "ad servers". To do this, we use ad server cookies, which measure certain performance metrics such as ads or user clicks. If you access our website through a Google ad, Google Adwords will store a cookie on your PC. These cookies usually expire after 30 days and are not intended to identify you personally. As analysis values, this cookie will typically save the unique cookie ID, number of ad impressions per placement (frequency), last impression (relevant to post-view conversions), and opt-out information (mark that the user does not wish to be contacted anymore).
- (3) These cookies allow Google to recognize your Internet browser. If a user visits certain pages of an Adwords customer's website and the cookie stored on their computer has not yet expired, Google and the customer will be able to detect that the user clicked on the ad and was redirected to that page. Each Adwords customer is assigned a different cookie. Cookies cannot be tracked via the websites of Adwords customers. We ourselves do not collect and process any personal data in the aforementioned advertising measures. We receive only statistical evaluations provided by Google. On the basis of these evaluations, we can identify which of the advertising measures used are particularly effective. We do not receive any further data from the use of the advertising material, in particular we cannot identify the users on the basis of this information.
- (4) Due to the marketing tools used, your browser automatically establishes a direct connection to the Google server. We have no control over the extent and further use of the data collected by the use of this tool by Google and therefore inform you to the best of our knowledge: By including AdWords conversion, Google receives the information that you have accessed the corresponding part of our website or clicked on an ad from us. If you are registered with a service provided by Google, Google may associate the visit with your account. Even if you are not registered with Google or have not logged in, there is a chance that the provider will find and store your IP address.
- (5) You can prevent participation in this tracking process in several ways:
 - a) By setting your browser software accordingly, in particular, the suppression of third-party cookies will prevent you from receiving any third-party ads,

- b) by disabling the cookies for conversion tracking by setting your browser to block cookies from the domain "www.googleadservices.com", <https://www.google.de/settings/ads>, this setting being deleted when you delete your cookies,
 - c) by deactivating the interest-based advertisements of the providers that are part of the "About Ads" self-regulation campaign via the link <http://www.aboutads.info/choices>, this setting being deleted when you delete your cookies,
 - d) by permanent deactivation in your browsers Firefox, Internet Explorer or Google Chrome under the link <http://www.google.com/settings/ads/plugin>. We would like to point out that in this case you may not be able to use all the functions of this offer in full.
- (6) For more information on Google's data protection regulations, see <http://www.google.com/intl/de/policies/privacy> and <https://services.google.com/sitestats/de.html>. Alternatively, visit the Network Advertising Initiative (NAI) web site at <http://www.networkadvertising.org>.
