IN A NUTSHELL

Under the guiding principle of People Passion Packaging, over 8,780 employees rethink packaging every day to create packaging solutions that provide people the highest benefit at the lowest impact on the environment.

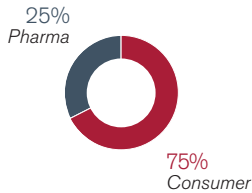

We are active around the globe and deliver tailor-made packaging solutions to our customers in the Consumer and Pharma business.

Our commitment to sustainability shines through our Ecolutions product range, which embraces a comprehensive 360-degree approach to materials—from aluminum to film and paper. Proudly, we have achieved a Platinum medal from EcoVadis in 2024, proving externally that we are true to our values.

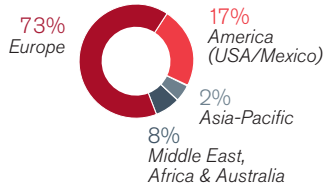

Join us on our journey towards a more sustainable future!
