

**Corporate Policy**

**Health, Work Safety & Security**

**The safety of employees is always the highest priority.  
Every incident is preventable.**

Absences, occupational accidents, occupational diseases and external threats are avoided by:

- ✓ Safe work environment, technologies & machinery
- ✓ Safe handling of material & hazardous substances
- ✓ Health promotion & positive working atmosphere
- ✓ Emergency preparedness & emergency management
- ✓ Compliance with all relevant legislation

Products, processes and technologies are continuously improved while opportunities and risks are considered.

Mutually reliable relationships with all stakeholders ensure a meaningful contribution to a secure, safe and healthy work environment.

We are highly committed to bring our goal of “zero loss - zero harm” into reality.
